

MID WEIGHT LINEN IN OTTER

£142

Code: 7171

Application: Upholstery, Curtains, Soft Furnishings

Composition: 100% Linen

Produced using flax that has been spun from the finest Masters Of Linen European yarn, Otter is woven in small batches on special wide width looms, and is then tumbled to produce wonderfully soft draping and natural looking pure linen. A wide width of 280cm makes it particularly suitable for drapery yet is equally suitable for upholstery with a 40,000 martindale.

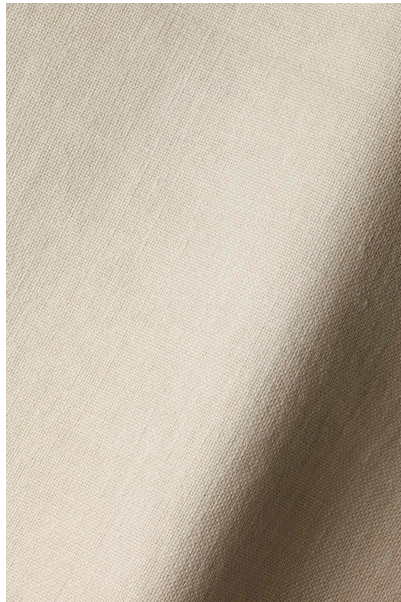

In keeping with the company ethos to pursue the use of ethically sourced and sustainable materials, the warp for this fabric is made from recycled yarn from post-consumer waste, that is processed at a facility powered by solar energy. See 'Popcorn' for the same weave in soft white.

Martindale: 40,000
BS 5852: Part 1: 1979 Ignition source o (Cigarette)
