THEATRE CHAIR

£2,736

Code: TCH

Handmade in oak, this slim, refined chair is designed to compliment the Draper's Table and the Oval Table by Rose Uniacke. The comfortable barrel-formed back creates an elegant silhouette when the chair is drawn up to the table. The added 'flick' of the back legs provides a wonderful profile. The seat cushion is traditionally upholstered in our own black 'Night' heavy weight linen (4533) or our own 'Sand' heavy weight linen (4529).

The chair was derived from an early 20th Century model designed for a theatre; the shape inspired by the 'spoonback' of the mid-nineteenth century and the Art deco lines of the late 1920s
