

SILK COTTON BLEND IN EGGSHELL

£306

Code: 7738

Application: Curtains, Soft Furnishings

Composition: 61% Cotton, 39% Silk

Proudly crafted in the UK, our Silk Cotton Blend fabrics have a super smooth and supple satin weave, that makes use of the finest filament silk yarns. Dyeing the yarn in hanks produces the rich colour and ensures that the strength of the natural fibre is retained. Traditional spinning and weaving methods are then used, which though slower than contemporary alternatives, produce a finer result.
