PAIR OF WROUGHT IRON CANDELABRA WALL SCONCES

£6,500

Code: 7992

In the manner of Poillerat, the wrought iron wall sconces of blackened wrought iron lattice work backs with gilded highlights (later) supporting two arms with pierced candle cup holders. Can be electrified

France, circa 1940

Though such pieces can be hard to directly attribute the sconces are of period quality and fabrication and were certainly made directly from Poillerat's design sketch of a wall sconce (3rd image, gouache on paper)
