SILK WOOL BLEND IN SNOWBERRY

£283

Code: 8892

Application: Curtains, Soft Furnishings

Composition: 52% Silk, 48% Wool

Offering a dreamy and liquid drape, Snowberry has a slick satin quality while also capturing a soft sateen wool handle. High quality Italian spun silk yarn is hand dyed and then oiled when put onto the cone, contributing to the lustre of the colour. The 100% wool weft and 100% fine silk warp yarns are expertly custom yarn dyed to match our exact specification to achieve a consistency of colour throughout the weave. The result is a rich, vibrant, and supremely sumptuous fabric proudly woven in the UK.
